2027_IBM-CIO_Registration

Role: Software Developer with IBM CIO.
This will be a dual opportunity. 6 months of in-person internship at IBM location from Jan'27-Jun'27 followed by Regular offer.

Eligibility Criteria:
•Graduation Year: 2027
•Degree: BE/ B.Tech/ME/M.Tech / M.Sc / Integrated (B.Tech+M.Tech) / Dual (B.Tech+M.Tech) / MCA/MS
•Percentage Criteria: **7.0 CGPA**
•**No Active Backlog**
•Branches: **AIML/AI&DS/CSE/CSE-AIML/ECE/EEE/ISE**

Compensation Regular:
B.E/ B.Tech / ME/ M.Tech / M.Sc / Integrated (B.Tech+M.Tech) / Dual (B.Tech+M.Tech) / MCA: INR 10 Lakh Annual Remuneration +50K one-time Premium Component+25000 one time Settling In Allowance

Internship Stipend (per month):
BE/B.Tech / ME/M.Tech / Integrated (B.Tech+M.Tech) / Dual (B.Tech+M.Tech) - INR 50000
MCA/M.Sc/MS - INR 30000

About IBM CIO Business Platform Transformation
The IBM Chief Information Officer (CIO) is responsible for overseeing the company's information technology strategy and operations. IBM CIO is focused on driving digital transformation and modernizing IT infrastructure and operations. They are investing in cloud computing, automation, and artificial intelligence to improve efficiency, reduce costs, and accelerate innovation.
The IBM CIO Business Platform Transformation mission is to accelerate IBM's digital transformation, deliver best-in-class IT and showcase the power of IBM technologies at an enterprise level which will drive productivity for IBMers, clients, and partners and speed time to revenue. IBM CIO BPT drives innovation and modernization initiatives aimed at improving the efficiency and effectiveness of IBM's business processes. By leveraging cutting-edge technologies such as artificial intelligence, automation, and cloud computing, the team helps optimize various business functions, including application development, infrastructure management, and cybersecurity. Additionally, the unit collaborates closely with other divisions within IBM to align IT strategies with overall organizational goals, ensuring seamless integration and alignment between technical and business initiatives.

Job Description:

Title: Software Developer

The Software Developer plays a crucial role in designing, implementing, and maintaining efficient and reliable software systems. This role requires a solid understanding of programming languages, software engineering principles, and database concepts. The ideal candidate will have excellent problem-solving abilities and communication skills.

Key Responsibilities:

1.Collaborate with the tech team to understand project requirements and specifications.
2.Write clean, well-organized, and efficient code using modern programming languages and frameworks.
3.Conduct unit tests, debugging, and troubleshooting to ensure the software functions as intended.
4.Participate in code reviews to improve code quality, consistency, and adherence to coding standards.
5.Stay updated on emerging trends and technologies in the software development industry.
6.Communicate progress, issues, and suggestions to the tech team and stakeholders.
7.Adhere to project timelines, deadlines, and budgets.
8.Provide assistance to junior developers and contribute to knowledge sharing sessions.

Required Skills & Qualifications:

1.Hands-on experience in object-oriented programming languages such as Java, C++, or Python.
2.Knowledge of web development frameworks like React, Angular, or Vue.js.
3.Knowledge of databases, SQL syntax, and NoSQL databases (e.g., MongoDB, Postgres, etc.).
4.Understanding of version control systems (e.g., Git, etc.) and continuous integration/continuous deployment (CI/CD) pipelines.
5.Excellent problem-solving and analytical skills.
6.Strong verbal and written communication skills.
7.Ability to work independently and collaboratively in a fast-paced agile environment.
8.B.E/B.Tech/M.C.A/M.Tech in Computer Science or equivalent practical experience.

Selection Process:

1.Coding Assessment (It will be Virtual process)
2.Coding Assessment (It will be Physical process)
3.Knockri Assessment (It will be Physical process)
4.Interview(s) (In-person process)

Please note that the registration link will be shared on at the day of the event and will remain active for 15 minutes only. Kindly circulate this information to all eligible students. Candidates must use only their personal email address and personal phone number for registration. Candidates who fail to complete the registration within the specified 15-minute

window will not be considered for the recruitment process.

Please Note: Candidates are required to mention their college name in Global Academy of Technology format. Applications that do not follow the specified format may not be considered for the further process.

IBM's discretion is final with respect to admission of candidates to take part in the recruitment process

Eligibility Details Summary

Document: 2027 IBM-CIO

Detail	Details
Branch	AIML / AI&DS / CSE / CSE-AIML / ECE / EEE / ISE
Other branch (exact name used by the company)	CSE, AIML, AI&DS, ISE, CS-AIML *
Current CGPA	7.0 CGPA minimum
Active backlogs	No active backlog allowed
Backlogs cleared in the past	Maximum 2 *
10th percentage	Above 85% *
12th percentage	Above 85% *
Academic gap (years)	Not specified
Graduation status (informational)	Graduation year 2027; BE/B.Tech/ME/M.Tech/M.Sc/Integrated/Dual/MCA/MS

Values marked * were added by the candidate and are not stated in the original document. 'Not specified' means the document does not mention it.
