Synthetic sample document for PlaceBot demos and tests - not an official placement document.
Document Type: Placement Policy
Company: N/A
Effective Date: 2025-08-01
Version: 1.0

1. Purpose and Scope

This synthetic policy describes example rules for a fictional campus placement cell. It is used only to demonstrate PlaceBot and must not be treated as the rules of any real institution.

2. Company Categories

Category | CTC band | Notes
Regular | Below 8 LPA | Open to all eligible students
Dream | 8 LPA to below 15 LPA | Students with a Regular offer may attend
Super Dream | 15 LPA and above | Students with a Regular or Dream offer may attend

3. One-Offer Rule

3.1 A student who has accepted a Regular category offer may attend Dream and Super Dream drives only.

3.2 A student who has accepted a Dream category offer may attend Super Dream drives only and may not attend Regular or other Dream drives.

3.3 A student who has accepted a Super Dream offer is not eligible for any further drive.

4. Offer Acceptance

4.1 An offer is considered accepted when the student signs the offer acknowledgement issued by the placement cell.

4.2 Once accepted, an offer cannot be exchanged for another offer of the same or lower category.

5. Debarment

5.1 A student who is absent from a company drive after registering, without written permission from the placement cell, may be debarred from the next two drives.

5.2 A student who withdraws from a selection process after the first technical round may be debarred from the remainder of the placement season.

6. Mandatory Drive Attendance

6.1 Registration for a drive makes attendance mandatory for all rounds of that drive.

7. Withdrawal from a Process

7.1 A student may withdraw before the first round by informing the placement cell in writing at least 24 hours before the drive.

7.2 Withdrawals after the first round are governed by clause 5.2.

8. Company-Specific Exceptions

8.1 A company circular may impose stricter conditions than this policy. Where a company circular and this policy differ, the company circular for that drive applies.
